A160 4G

Modern Classic

The **A160** is designed with a compact housing, and massive 2,000mAh battery for ultimate reliability and friendly user experience.

See Beyond

Enjoy the vibrant 2.4" LCD display that provides a clear and bright view for all your menus and basic media.

Light Up The Way

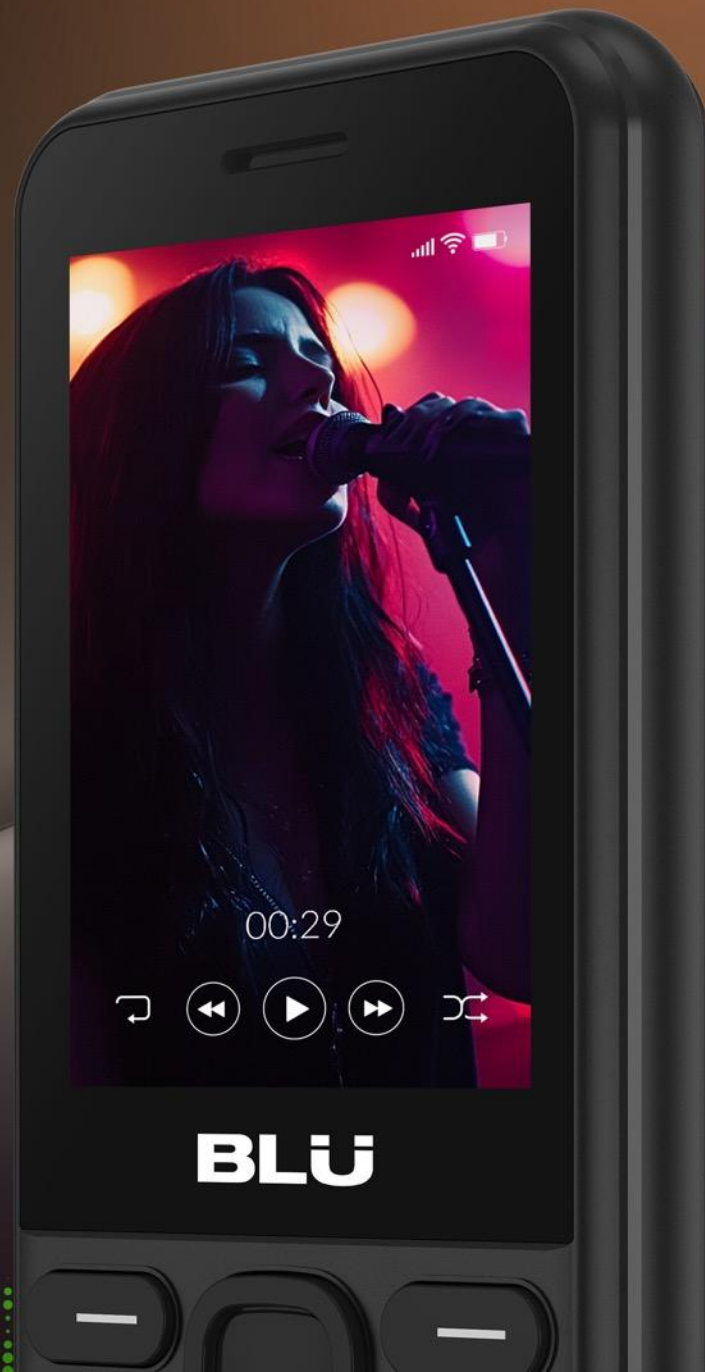

The **A160** features a built-in flashlight, providing quick illumination in dark environments. To turn on the flashlight, press and hold the center (menu) button.

A160 4G

Turn On The Fun

Stay connected with built-in FM Radio for music, news, and sports without using data. Bluetooth lets you pair wireless headphones or speakers, while 4G connectivity delivers clear HD calls and fast, reliable communication.

1 Phone 2 Lines

The Dual SIM capability offers the ultimate flexibility for staying connected on your own terms. It allows you to manage two active phone numbers in one compact device. Whether for professional balance or international convenience, this feature keeps you reachable and organized wherever you go.
